# Pennovation Lab

## Innovation for the Region

Pennovation Lab is a state-of-the-art, multi-tenant facility integrating laboratories and office spaces with advanced scientific capabilities.

### Square Feet

65,000 SF scientifically-advanced building of customizable wet/dry lab or office space suites.

Laboratory Lobby

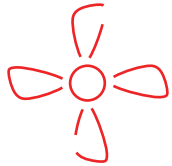

Example Lab Space

# Specifications

## Pennovation Lab

### Technical Specifications

#### HVAC

- High-efficiency Variable Refrigerant Flow (VRF) System with Heat Recovery provided
- One VRF cassette for every 2,000 square feet leased
- Support exhaust hoods and dedicated equipment exhaust at 70 fpm face velocity with 18" sash height openings
- Dedicated Duct Chases for each lab.
- Wet lab areas designed for 6 air changes per hour.
- Redundant dedicated outside air system supplies outside air for both office and lab spaces.

#### Plumbing

- Acid resistant drain and vent piping stacks run vertically and are stubbed outside shaft walls within each laboratory area for future connection by tenant (zones 1-6 only)
- Domestic cold and hot water stubbed outside shaft walls within each laboratory suite

#### Electric

- 208/120V power provided to electrical closets on each floor, conduit runs from electrical closet to tenant suite
- Building provides (1) 400kW diesel emergency generator

#### Voice/Data

- Combined MDF/IDF room provided on ground floor
- IDF closet provided on floors 2,3, and 4

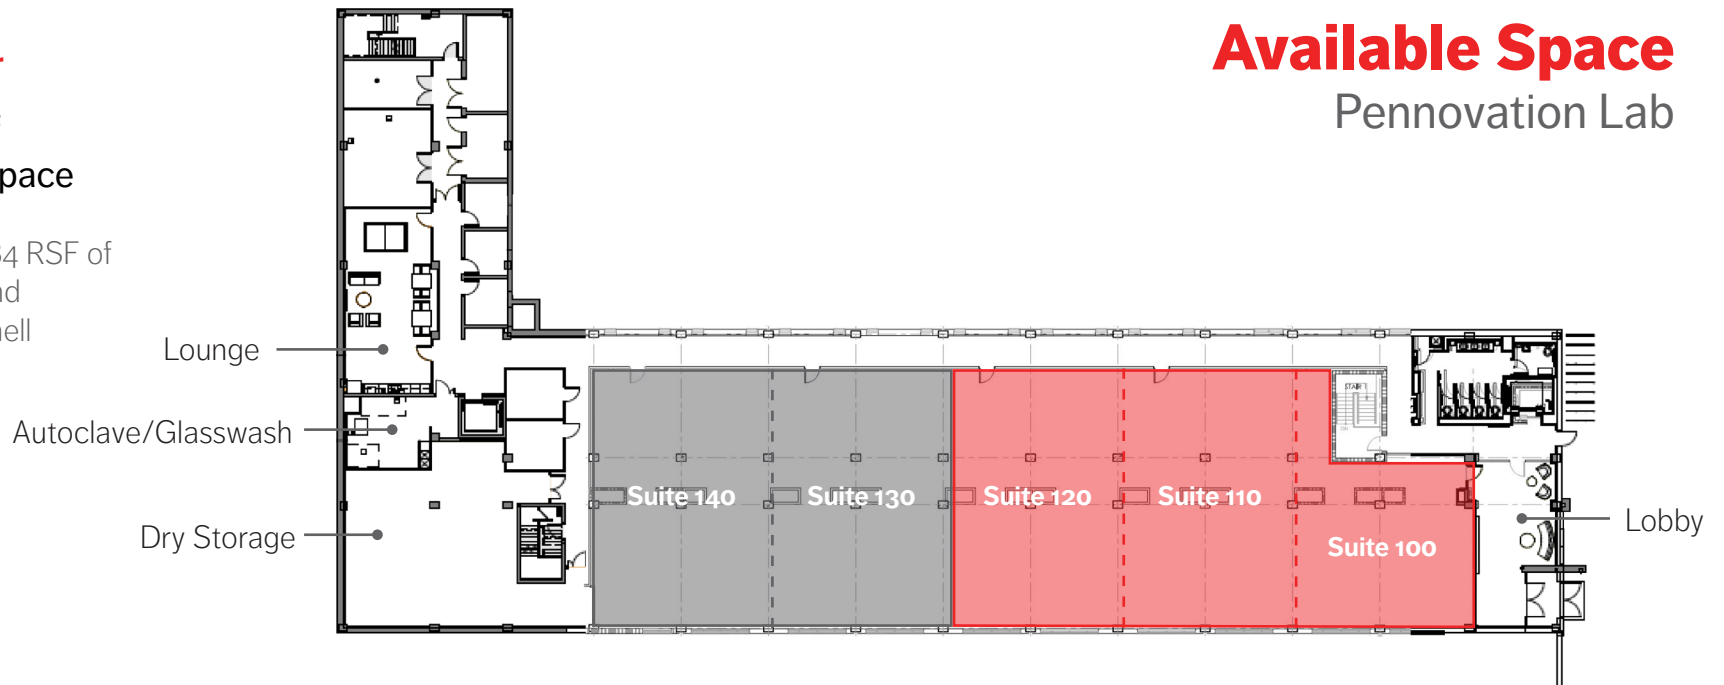

#### Security

- 24/7 site access control and systems monitoring
- Cameras and card access control at building exterior doors and certain interior doors
- Fully sprinklered building with fire detection along with strobes and detectors in corridors/common areas

## First Floor

6,885 RSF of contiguous space

Divisible to 4,384 RSF of improved lab and 2,300 RSF of shell

## Available Space

Pennovation Lab

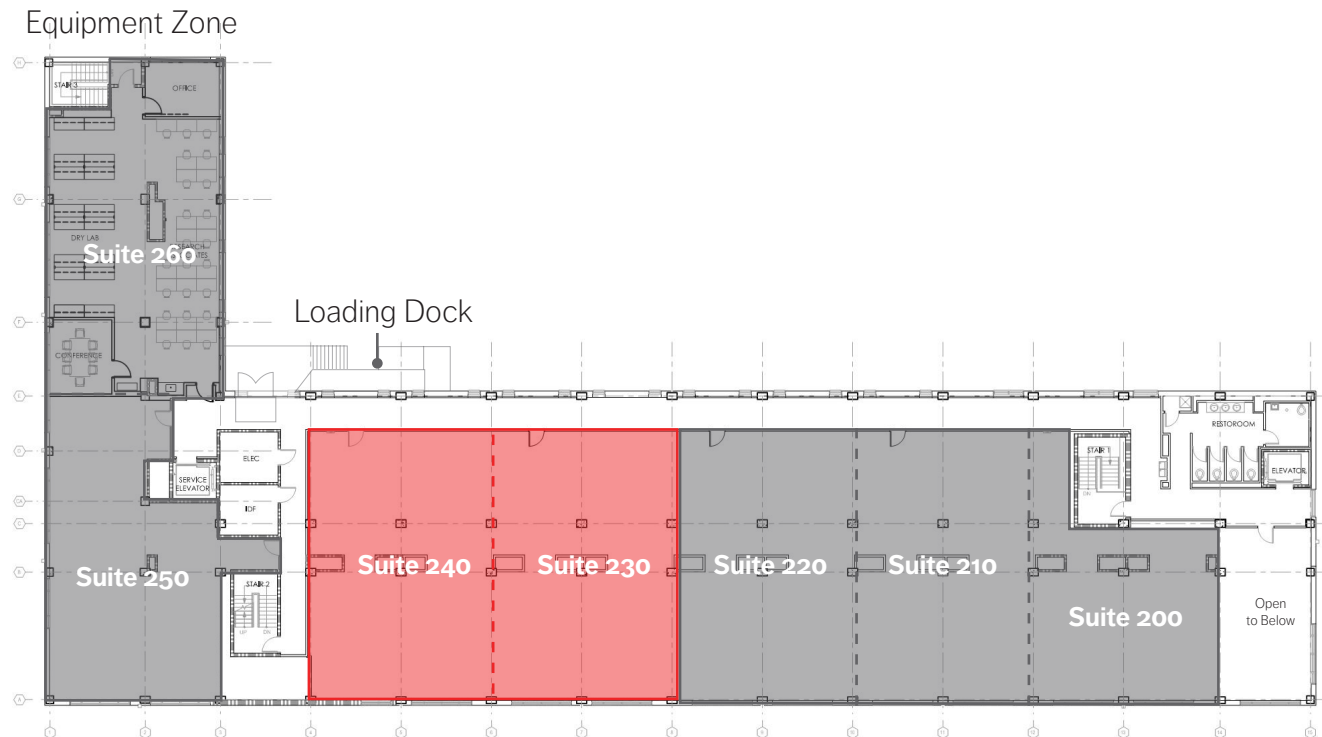

## Second Floor

5,000 SF of shell space

## Scientific Amenities

### Nurturing Innovation

Tenancy at Pennovation Lab is enriched with one-of-a-kind programs and resources that support its scientific community:

#### **Mentorship**

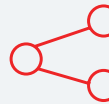

PCI Ventures (PCIV) provides a Mentors-in-Residence program offering valuable business coaching to tenants from accomplished entrepreneurs.

PCIV, which is located on-site, is a division of Penn Center for Innovation, the official tech transfer office of the University of Pennsylvania.

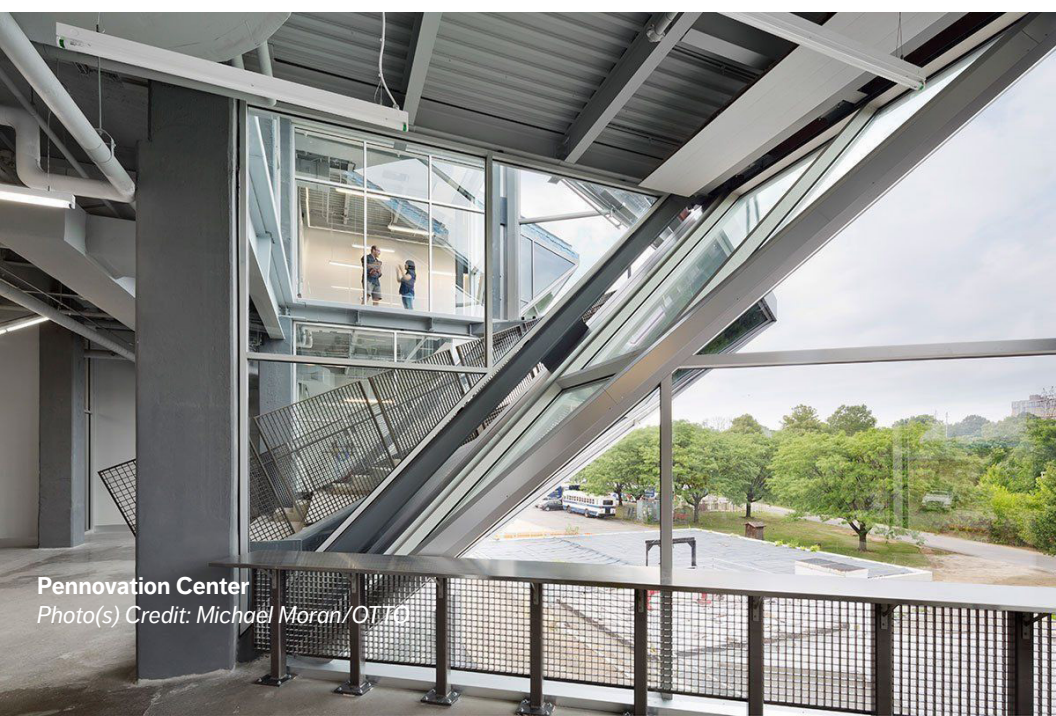

#### **Networking**

Develop connections between local entrepreneurs, investors, partners, and Penn inventors

#### **Lab Resources**

Lab management and safety practices and software at Pennovation Lab are modeled on best practices used by the University of Pennsylvania.

Pennovation Plaza

## Life in Our Community

### Nurturing Innovation

Being a part of Pennovation Works includes the following:

#### Programs & Events

Pennovation Works hosts activities on the Plaza and in the Center, such as the annual Pennovation Accelerator, PCI Ventures company showcase, Warm Intros networking series, and happy hours.

#### Nourishment

In addition to an onsite Café, food trucks often visit our Plaza, and Penn's one-of-a-kind food hall, Franklin's Table, offers favorites like Goldie Falafel, Pitruco Pizza, High Street Hoagies via delivery service to residents.

#### Wellness & Community Oriented Environment

Nestled amidst expansive greenery, Pennovation Works is linked to the Grays Ferry Crescent and the Schuylkill River Trail where one can enjoy river walks, biking, recreation, and neighborhood activities.
